**Haley** <http://www.ndimaging.com/09hr1> from Webster It's all

about me! Being able to show the different sides of me and enjoy the sitting was how we got so many great photos! Karl helped me relax - and I enjoyed being in front of the camera. It's well worth the drive. **Haley's mom:** I had a blast! The different sets and props complimented

her outfits. We knew we wanted a 'multipose' image created, we told Karl what poses we wanted and he created it and emailed me a proof - **I couldn't believe how beautiful and perfect it was!**

**Heather's Show:** <http://www.ndimaging.com/09hm>

***Heather:*** I enjoyed the experience and had a very good time. Karl takes very good photos + a lot of variety.

***Heather's mom:*** Heather is our second daughter Karl has taken Sr Photos of. We love how flexible Karl is in meeting what we want. He has a lot of good ideas about outfits and poses. Karl has a knack for putting people at ease during the sitting. It's very relaxing in the camera room even though there is a lot going on what with set and lighting changes. **Both of our daugh-**

**ters enjoyed the "buddy" session** where they have their friends over - it can even be at a different time - this way they get a group photo of some of their friends.

**Brittany's Sr Show:**

<http://www.ndimaging.com/09ba>

***Brittany:*** It was very entertaining and fun. A great variety pf pretty flowers and indoor and outdoor sets. I didn't feel rushed and I loved being able to see my photos as they were being taken. Bringing my Proofs home right after the sitting is nice too.

***Brittany's mom:*** It was nice to be in the camera room and follow them around outdoors. I enjoyed being a part of her sitting. It was nice to be able to have input into the sitting and tell Karl what we really loved. It's great to be able to see the portraits right after the sitting and hear them suggest: this would make a great B&W and then be able to see it right away.
